

HEALTH CARE
AUTHORITY

Michelle Lujan Grisham, Governor
Kari Armijo, Secretary
Alanna Dancis, Acting Medicaid Director

March 10, 2026

Interested Parties:

The New Mexico Health Care Authority (HCA), through the Medical Assistance Division (MAD), is proposing to amend the New Mexico Administrative Code (NMAC) 8.308.21, *Managed Care Program, Quality Management*.

Section 9-8-6 NMSA 1978, authorizes the Department Secretary to promulgate rules and regulations that may be necessary to carry out the duties of the Department and its divisions.

Notice Date: March 10, 2026

Hearing Date: April 10, 2026

Adoption Date: Proposed as July 1, 2026

Technical Citations: LOD #65 CI Regulations Updates

Background

HCA received feedback from the Turquoise Managed Care Organizations regarding the administrative burden of the critical incident reporting criteria. After HCA's analysis, HCA is proposing to eliminate the Emergency Services, Law Enforcement, and Environmental Hazard reporting categories. Additionally, HCA will be revising the requirements for reporting insufficient staffing incidents. HCA is expecting this revision to reduce reportable incidents by more than 50%. The updates will reduce administrative burden for mandatory reporters of critical incidents and ensure that reportable incidents are truly critical. These incidents will remain reportable if they involve abuse, neglect, exploitation, misuse or unauthorized use of restrictive interventions or seclusion, or a medication error by a provider resulting in contact with a poison control center, an emergency department visit, an urgent care visit, a hospitalization, or death.

The Health Care Authority is proposing to amend the rule as follows:

NMAC 8.308.21

Section 8 has been updated to include the Departments current mission statement.

Section 13 has been updated to remove reporting categories to include any incident involving the utilization of emergency services, hospitalization, the involvement with law enforcement, and exposure to or the potential of exposure to environmental hazards that compromise health and safety.

Section 13 has been updated to add reporting categories to include the misuse or unauthorized use of restrictive interventions or seclusion on a member. A medication error resulting in a telephone call to or consultation with a poison control center by or on behalf of the member, an emergency department visit, urgent care visit, a hospitalization, or death of the member.

Throughout the NMAC the following changes have been made:

1. Revising references to “his or her” to “their” or “the member”.
2. Changed HSD to HCA.

VI. RULE

These proposed rule changes will be contained in 8.308.21 NMAC. This register and the proposed rule are available on the HCA website at: <https://www.hca.nm.gov/lookingforinformation/registers/> and If you do not have internet access, a copy of the proposed register and rule may be requested by contacting MAD at (505) 827-1337.

VII. EFFECTIVE DATE

The HCA proposes implementing this rule effective July 1, 2026.

VIII. PUBLIC HEARING

A public hearing to receive testimony on this proposed rule will be held on April 10, 2026, at 10:00 am. The hearing will be held at the Administrative Services Division (ASD), 1474 Rodeo Rd, Santa Fe, NM 87505 and via Microsoft Teams.
