Hello,

I am trying to figure out the process for proposed rule changes. I am a licensed dietitian and understand that licensed dietitians and licensed nutritionists are rendering providers for Medicaid due to rules. The rules I found related to this are NMAC 8.310.3.9A(1)k and 8.310.3.11C(6). There are licensed dietitians and licensed nutritionists that have private practices and are able to bill other insurance types for nutrition services provided to patients, but are unable to bill Medicaid due to these rules. What is the process for proposing changes to rules?

Thank you,
Rachel Leung
