**Group Repeal and Replace LOD# 34** 

Title: Calendar Year (CY) 2025 UNM Medical Group and UNM Hospital

**Professional Group Directed Payment** 

The Health Care Authority Medical Assistance Division (HCA/MAD) has received approval from Centers for Medicare and Medicaid Services (CMS) for the annual renewal of the CY2025 UNM Medical Group (UNMMG) and UNM Hospital Professional Group (UNMH-PG) directed payment in accordance with Section 438.6(c). This Letter of Direction (LOD) is intended to repeal and replace LOD #34 issued by HCA/MAD on November 22, 2024. The following updates are included in this revised LOD:

- Updated the payment distribution dates for CY2025
- MCO claims direction for Certified Community Behavioral Health Clinic (CCBHC) billing for UNMMG NPI: 1689747552; Provider ID: 00050542
- Updated CY25 Evaluation Metrics:
  - o Added:
    - Controlling Blood Pressure
    - Follow Up After Hospitalization for Mental Illness
    - Kidney Health Evaluation for Patients with Diabetes (NCQA KED)
  - o Removed:
    - Antidepressant medication management (AMM)
    - Childhood Immunization Status (CIS) Combo
    - Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents (WCC)

### **Background**

Since CY2019, MAD has received annual approval from CMS for this directed payment in accordance with Section 438.6(c) for UNM Medical Group. For CY2025, CMS has approved the continuation of this program and HCA/MAD intends to distribute the approved funding to the Turquoise Care Managed Care Organizations (MCOs) as described in this LOD. The distribution of the payment by HCA/MAD will be separate from the regular capitated payment and the MCOs will distribute the funds to UNMMG and UNMH-PG.

# **Distribution of Directed Payments**

HCA/MAD will make payment to each MCO quarterly based on the distribution of claims. For example, in October 2025 HCA/MAD will evaluate utilization by MCO for the period between July 1, 2025, to September 30, 2025, and use that as a basis to distribute the quarterly payment funds to each MCO. The quarterly payments for Quarters 1, 2, and 3 are subject to reconciliation with claims data runout. This approach will:

- Provide HCA/MAD the opportunity to evaluate emerging data and closely align the directed payment amounts to the MCO over a twelve (12) month period.
- Provide HCA/MAD with information for federal claiming, reporting Waiver expenditures and for inter-governmental transfer tracking purposes.

Payment Distribution Schedule January 1, 2025 – December 31, 2025

<b>Payment Distribution Schedule</b>	Incurred and Paid Data Analysis Period		
<b>Directed Payment Date</b>			
May 2025	1/1/25 – 3/31/25 (CY25 Q1)

<sup>\*</sup>Payment dates may change based on CMS approval for CY2025 UNMMG & UNMH-PG Directed Payment. Payments will be made retroactively if CMS approval occurs after payment date.

# **Certified Community Behavioral Health Clinic (CCBHC)**

Specific to this LOD, MCOs must ensure that all CCBHC claims, denoted with a T1040 code, for the University of New Mexico Hospital Group (NPI: 1689747552; Provider ID: 00050542) are included in the state-directed reporting and payment calculation for CY25 and future calculations, unless otherwise instructed.

#### **Evaluation Plan Metrics**

The measures and performance targets for the evaluation plan were determined in conjunction with UNMMG and UNMH-PG based on a review of current performance by UNMMG and UNMH-PG with the objective of setting reasonably achievable goals for performance improvement. After the end of the year, UNMMG and UNMH-PG will report to the state on its performance for the specified measures in alignment with the state's goals and objectives and existing measurement processes. The MCO will develop a process to inform UNMMG and UNMH-PG on a quarterly basis of any gaps in care, that align with the performance measures, the MCO has identified for members attributed to UNMMG and UNMH-PG providers. Note that UNMMG and UNMH-PG performance against the performance targets does not impact eligibility for the uniform percent increase on utilization during the January 1, 2025 – December 31, 2025, rating period. The table below features the metrics, baselines, and improvement targets for the program for CY25:

Measure	Baseline (Prior 12-month average through August 2020)	Performance Target (CY2025)
Well Child Visits – First 15 Months (W15)	58%	72%
Controlling Blood Pressure	63%	65%
Follow Up After Hospitalization for Mental Illness	32.6%	38.85%
Kidney Health Evaluation for Patients with Diabetes (NCQA KED)	34.5%	32.28%
Comprehensive diabetes care HbA1c poor control >9	30%	28%

#### **Other Directed Payment Details**

This section provides information about operational, and reporting requirements associated with the directed payment.

- The directed payments are classified as revenue attributed to medical expenses and therefore, classified as "premium". The quarterly payments will include gross-up amounts to account for underwriting gain, premium, and surtax taxes.
  - o HCA/MAD will provide each MCO with the amount of the directed payment and break out the gross-up amounts for each rate cohort.
- The directed payment will be included in the MCOs' Medical Loss Ratio and Underwriting Gain calculations outlined in the MEDICAID MANAGED CARE SERVICES AGREEMENT.
  - HCA/MAD directs each MCO to report the revenue received for the directed payment in the quarterly and annual Financial Reporting package as "other revenue". The amounts recorded in the financial reporting package must match the total payment made by HCA/MAD to the MCO by rate cohort.
  - O HCA/MAD directs each MCO to report the amount paid by the MCO to UNMMG and UNMH-PG for the directed payment in the quarterly and annual Financial Reporting package as "other services". The amounts recorded in the financial reporting package must match the total payment made by HCA/MAD to the MCO by rate cohort.
  - HCA/MAD directs the MCOs to support UNMMG and UNMH-PG by providing support to Medicaid beneficiaries to improve quality of care outcomes.
- Amounts paid by the MCO to UNMMG and UNMH-PG for the directed payment should also be reported in FIN-Report #5 for "Other Services" in the Shared Risk/Incentive Arrangements (All programs Line 42). This will ensure that the FIN-Report Check Totals tab does not trigger submission errors.
- Reconciliations performed as part of the MCO contract (Retroactive Period and Patient Liability) will not include the directed payment revenue or expense.
- The directed payment amount paid by the MCO to UNMMG and UNMH-PG should not be included in encounter data submissions.
