Amendment

SECTION 1: ADMINISTRATIVE CORRECTIONS

Amendment 1A: Optional Partner Documentation Upload

Section III.C.18, Partner Letters or MOUs; Submittable Form 2

Form 2 will be revised to include an optional upload field for letters of support, letters of commitment, memoranda of understanding, or similar partner documentation. Offerors may upload up to fifteen documents through the designated field. These materials are optional and do not replace the three required organizational references or any required proposal narrative.

Amendment 1B: Required Application Templates

Section III.C.11, Project Workplan; Section III.C.15, Project Budget; and related references

The RHIF Project Workplan Template and RHIF Cost Proposal Template issued with this Amendment are incorporated into the RFP. Offerors must complete and upload both templates through the applicable fields in Submittable Form 2. The requirement to submit the RHIF Cost Proposal Template supersedes any statement in the original RFP indicating that a separate budget workbook is not required. The information contained in the templates must be consistent with the Offeror's proposal narrative and other application materials.
