

New Mexico Primary Care Council (PCC)

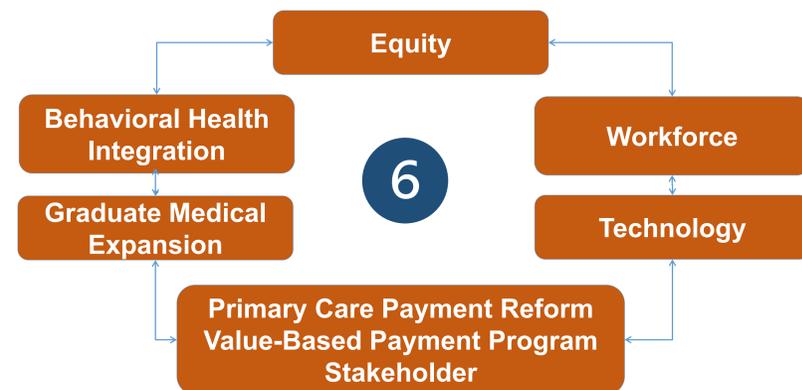

Medical Assistance Division (MAD)

The Health Care Authority (HCA) MAD administers the New Mexico Medicaid program serving more than 800,000 New Mexicans who qualify for Medicaid health care coverage.

Why Primary Care?

- Stronger, healthier communities
- Lower long-term health costs
- Better access in rural areas
- Greater health equity
- Sustainable workforce
- Longer life expectancy

Workgroups

Council Duties

- Develop policy and legislative recommendations to strengthen New Mexico's primary care system.
- Identify barriers to accessing care in rural and underserved areas of New Mexico.
- Examine national models and best practices to inform local strategies.
- Work in coordination with other statewide health care committees and organizations.

MISSION
Revolutionize primary care into InterProfessional, sustainable teams delivering high-quality, accessible, equitable health care across New Mexico through partnerships with patients, families, and communities.

VISION
By 2026, New Mexico will exemplify same-day access to high-quality, equitable primary care for all persons, families, and communities.

GOALS

- Health Equity**
Develop and drive investments in health equity to improve the health of New Mexicans.
- Payment Strategies**
Develop and make recommendations regarding sustainable payment models and strategies to achieve high quality and equitable primary care for all New Mexicans.
- Health Technology**
Develop and drive health information technology improvements and investments that make high quality primary care seamless and easy for Primary Care Interprofessional Teams, patients, families, and communities.
- Workforce Sustainability**
Create a sustainable workforce, financial model, and budget to support our mission and secure necessary state and federal funding.
