STEPS TO APPLY FOR BRAIN THE BRAIN INJURY SERVICES FUND (BISF) PROGRAM

IMPORTANT: Providing proof of citizenship, immigration status or a Social Security Number is not required to access BISF. All information provided is confidential. BISF does not create immigration consequences for those who participate.

1. Please see the Tip Sheet on page 11 to learn about the Brain Injury Services Fund (BISF) Program. To receive help, you must be a New Mexico resident, not qualify for full Medicaid, and have a confirmed diagnosis of brain injury.
2. **Pages 1 – 3:** Fill in answers to the questions on *pages 1 and 2* and sign. Do NOT fill in *page 3*, "TO BE COMPLETED BY SERVICE COORDINATOR ONLY."
3. **Pages 4 and 5:** Fill in the "Release of Information", and sign.
4. **Pages 6 and 7:** Fill in page 6, "Assurances",. Fill in and sign the "Residency Affidavit" on *page 7*, only if you are a NM resident.
5. **Pages 8 - 10:** On *page 8*, fill in your name and the name of the doctor or psychologist, who knows about your brain injury. Take these pages to the doctor or psychologist, who knows about your brain injury. Ask them to read *pages 8 - 10* and fill in *page 9*. They can give the form back to you to give to the Service Coordination Agency (SCA) you want to work with in your region. Or they can mail it or fax it to the SCA. (See *page 10* for the agencies in your region.) If you are approved, the SCA will help decide the services that will help. Be sure to sign all the pages you are asked to sign. This will help with the process.
6. **Submit your application:** Mail, fax or mail all pages to your SCA. (See *page 10*). If you have questions, you may call the NM Brain Injury Resource Center at 1-844-366-2472.

RELEASE OF PROTECTED HEALTH INFORMATION (PHI)

Date:

Applicant's Name	Social Security Number (optional)	Date of Birth
Address		Phone Number
City, State, Zip Code		County

"I, the undersigned, hereby give those listed in **Section A** the right to share some protected health information (PHI) about my Brain Injury. They can share it with the New Mexico Health Care Authority (HCA) / Medical Assistance Division's **Brain Injury Services Fund (BISF) Program**. This allows them to give my PHI to the Service Coordination Agency (SCA) that I have checked in **Section B**. This SCA needs this to see if I qualify for the BISF Program. It also lets the SCA get me the help I need. I know that HCA and *all of those* involved in my care will need to know my PHI, so that I can get the help and services I need."

"I also allow the BISF Provider, noted in **Section B**, to have, use, and/or share the PHI. I may be referred to the Program's "Fiscal Intermediary Agent", or "FIA", to help me get services I need. The FIA also needs the PHI to pay for the services I need. So, I allow my BISF SCA to share my PHI with the FIA listed in **Section C**. I know that the PHI shared between BISF Service Providers has to do with my Brain Injury and the services I get through the BISF Program."

The health provider's that I list in **Section A** will only share the information shown. Please fill in exactly those records you wish to share (**Section A**). In **Sections B and C**, you will mark to whom they can go. Also note the time period for any of these records. Or write, "All dates of service". All PHI that is shared for my services will stay private.

Section A: Check the records you wish to share

Section C: Check the Statewide Fiscal Intermediary Agency. This is the agency that pays for the services and goods you may get through the BISF Program. NOTE: The BISF Program does not recognize or allow payment for services through other agencies that claim to have a fiscal agent role. Staying in the BISF Program is not allowed for those whose Home and Community Based Services are covered through other payer sources. Those could be “Community Support Agencies” or state Medicaid programs.

I know that I can look at the PHI that will be shared. I can also ask my SCA for a copy of this release any time. I can take back this permission at anytime. To do so, I must tell the SCA in writing. This will not apply to what my BISF Service Providers have done or need to do to close my case and pay for services I have used. I also know that my PHI may not be protected by federal law. The doctors, BISF Providers and any of their employees who share my PHI will not be blamed or held at fault for sharing my PHI. I know that it allows everyone to do their jobs to meet my needs.

Letter to Medical Provider

Request for Documentation of Brain Injury Diagnosis *May be completed with the assistance of a Service Coordinator.*

Date: _____

Dear Dr.: _____

Your patient, (print name) _____, who resides in _____ County, has applied for services from the **NEW MEXICO BRAIN INJURY SERVICES FUND (BISF) PROGRAM** with (fill in name of Service Coordination Agency) _____, which provides short-term services to individuals with a confirmed diagnosis of BRAIN INJURY and who have imminent needs. Your patient has completed a RELEASE OF INFORMATION to allow his/her BISF Service Coordinator to receive information from you about his/her brain injury (see page 4-5). Your assistance in qualifying your patient for BISF services is needed.

Please supply this patient or your patient's BISF Service Coordinator documentation of his/her brain injury. Attached to this application is the **Confirmation of ICD-10 Code Form**. The code(s) supplied must support a qualifying diagnosis for **Traumatic Brain Injury (TBI) and/or other Acquired Brain Injuries, such as stroke, aneurysm/vascular lesions of the brain, brain tumor, anoxia, brain infections, lightning/electrical shock, exposure to toxic or chemical substances, and shaken baby syndrome**. The BISF Program will determine if the code(s) supplied qualifies the individual for short-term services. Please fill out this form and return to the Service Coordination Agency noted above, using the contact information noted on page 10. Alternatively, a brief letter, signed by you, stating that this patient has a Brain Injury diagnosis, including the specific qualifying ICD-10 code(s), and information about when and how the Brain Injury was acquired, will suffice. If you have any questions about this matter, please refer to the information in this packet, which your patient received from the BISF Program. If you need further clarification, please feel free to email BISF.HCA@hca.nm.gov.

We understand that your time is very important and thank you for your help in qualifying your patient for the BISF Program. Since this is a short-term program, your timely response is critical in putting your patient's services in place.

Sincerely,

Crystal Cantu, CBIS
Brain Injury Service Fund Program Coordinator

Brain Injury Services Fund (BISF) Program

(Short-Term Services for People Who Live with Brain Injury)

TIP SHEET

Revised January 2026

What is the Brain Injury Services Fund (BISF) Program?

The BISF Program helps people with brain injury to live more independently in their homes and communities. The program provides statewide, short-term aid to people with brain injury at times of crisis when there is no other way to pay for the help that is needed. Those who qualify get services without any cost to them. This program is administered by the New Mexico Health Care Authority.

Who can you get help from the BISF Program?

To be eligible, applicants must:

- Be a New Mexico resident
- Have a diagnosis of brain injury from a doctor, doctor's assistant, nurse practitioner, or psychologist. The types of brain injury that qualify a person include traumatic brain injury, stroke, aneurysm, vascular lesions, brain tumor or anoxia. They also include damage from brain infections, lightning strike, electrical shock, or exposure to toxic or chemical substances
- Have a crisis caused by their brain injury

The program can help those without Medicaid or health insurance, or those whose health insurance or other benefits cannot pay for the services they need.

What services are available?

Service Coordination – The Service Coordinator helps with the eligibility process and assesses a person's needs. They help program participants find services and resources that will resolve the crisis, helping the person live more independently at home and as part of the community.

Home and Community Based Services (HCBS)– Services available include home health care, homemaker services, or respite care, treatment-related transportation, special equipment, communication or assistive devices, durable medical goods, professional life skills coaching, and organizer service. The program can also cover copays for outpatient mental health, therapies (traditional and alternative), doctor visits and medications related to the brain injury. The program also assists with emergency housing needs. Funds are for help that is needed due to the brain injury and may or may not be available for all services at the time of request. The BISF Program services are intended to help end the person's crisis, and they stop when the crisis is resolved.

How to Apply:

Please call the Service Coordination Agency (SCA) in the region where you live. These agencies are listed to the right. The SCA can help you learn more about the Program and how to apply. There is a choice of SCAs in the Metro region. You can also get help filling out the application from the Brain Injury Resource Center listed below.
