Re: New Mexico State Plan Amendment (SPA) – 25-0014

Dear Director Dancis:

The Centers for Medicare & Medicaid Services (CMS) reviewed your Medicaid State Plan Amendment (SPA) submitted under transmittal number (TN) 25-0014. This amendment proposes to provide screening, diagnostic, and targeted case management (TCM) services to eligible justice-involved youth in accordance with Section 5121 of the Consolidated Appropriations Act, 2023 (CAA).

We conducted our review of your submittal according to statutory requirements in Title XIX of the Social Security Act and implementing regulations at 42 CFR 440.169. This letter informs you that New Mexico's Medicaid SPA TN 25-0014 was approved on December 22, 2025, with an effective date of January 1, 2025.

Enclosed are copies of Form CMS-179 and approved SPA pages to be incorporated into the New Mexico State Plan.

If you have any questions, please contact Dana Brown at (410) 786-0421 or via email at Dana.Brown@cms.hhs.gov.

Re: New Mexico State Plan Amendment (SPA) - 25-0014

Dear Director Dancis:

The Centers for Medicare & Medicaid Services (CMS) is sending this companion letter to NM-25-0014, approved on December 22, 2025. This SPA amends the Medicaid state plan to provide for mandatory coverage in accordance with section 1902(a)(84)(D) of the Social Security Act (the Act) for eligible juveniles that are incarcerated in a public institution post-adjudication of charges. As noted in the approval letter and state plan, this SPA is effective January 1, 2025, and will sunset on December 31, 2026. The state must complete the actions identified in this letter by the sunset date. Once these actions are completed, the state should submit a SPA to remove the sunset date from the state plan.

Effective January 1, 2025, section 1902(a)(84)(D) of the Act requires states to have an internal operational plan and, in accordance with such plan, provide for the following for eligible juveniles as defined in section 1902(nn) of the Act (individuals who are under 21 years of age and determined eligible for any Medicaid eligibility group, or individuals determined eligible for the mandatory eligibility group for former foster care children under 42 C.F.R. § 435.150 who are at least age 18 but under age 26) who are within 30 days of their scheduled date of release from a public institution following adjudication:

- In the 30 days prior to release (or not later than one week, or as soon as practicable, after release from the public institution), and in coordination with the public institution, the state must provide any screenings and diagnostic services which meet reasonable standards of medical and dental practice, as determined by the state, or as otherwise indicated as medically necessary, in accordance with the Early and Periodic Screening, Diagnostic, and Treatment requirements, including a behavioral health screening or diagnostic service.
- In the 30 days prior to release and for at least 30 days following release, the state must provide targeted case management services, including referrals to appropriate care and

services available in the geographic region of the home or residence of the eligible juvenile, where feasible, under the Medicaid state plan (or waiver of such plan).

We appreciate the state's efforts to implement this mandatory coverage and recognize the progress that has been made as well as the complexities associated with full implementation. However, during the review of NM-25-0014, CMS identified actions that must be completed to fully implement mandatory coverage in accordance with section 1902(a)(84)(D) of the Act. CMS is issuing this companion letter to document these actions and establish a timeframe for their completion.

The state must complete the following actions by December 31, 2026, to fully implement section 1902(a)(84)(D) of the Act. Once these actions are completed the state should submit a SPA to remove the sunset date from the state plan.

1. **Systems:** New Mexico will complete systems enhancements so that appropriate data and member information can be communicated among correctional facilities, Medicaid, and Managed Care Organizations (MCOs) as appropriate for the provision of 5121 services. New Mexico has regular meetings with the New Mexico Corrections Department (NMCD) and the Children, Youth, and Families Department (CYFD) to identify and document the needed changes. New Mexico will continue to work with vendors to complete system changes, including enhancements to the CYFD facility interfaces and enhancements to the MCOs interface file for justice involved population who are incarcerated.
2. **Billing:** New Mexico needs to complete remaining activities for CYFD to bill Medicaid for pre-release Targeted Case Management (TCM) and screenings, and diagnostics (consistent with the Early Periodic Screening, Diagnostic, and Treatment (EPSDT) program). CYFD will complete the enrollment of all rendering providers and collaborate with New Mexico to set up the necessary infrastructure to bill Medicaid Fee-for-Service (FFS) for pre-release services.
3. **NMCD facilities' provision of TCM:** NMCD serves a smaller population of eligible juveniles than CYFD. NMCD will provide pre-release TCM as each facility onboards to the 1115 demonstration waiver. NMCD is on a phased implementation schedule and once onboarded, pre-release TCM will be provided by community providers and MCO Justice Liaisons.
4. **MCO provision of post-release TCM:** New Mexico will finalize the process with MCOs to provide post-release TCM to eligible juveniles. New Mexico will leverage existing Justice Liaisons, transition of care, and care coordination processes to provide the support needed for eligible juveniles transitioning to the community. New Mexico will engage the MCOs to ensure appropriate policies and procedures are in place to ensure a warm handoff from facility TCM providers to community providers.

5. **Engage community providers to support FFS youth post-release:** New Mexico needs to identify providers for post-release TCM for FFS members. There are a small number of eligible juveniles who are not enrolled in managed care, as managed care enrollment is not mandatory for Native American members. HCA will secure providers of TCM for the 30 days post-release, which may include Certified Community Behavioral Health Clinics, Community Health Workers, or other qualified TCM providers identified by our partners in the Native American Technical Advisory Committee.

As always, CMS is available to provide technical assistance on any of these actions. If you have any questions, please contact Dana Brown at (443) 653-6106 or via email at Dana.Brown@cms.hhs.gov.

State Plan under Title XIX of the Social Security Act
State/Territory: New Mexico

TARGETED CASE MANAGEMENT SERVICES FOR ELIGIBLE JUVENILES

Target Group (42 Code of Federal Regulations 441.18(a)(8)(i) and 441.18(a)(9)):

Eligible juveniles as defined in §1902(nn) (individuals who are under 21 years of age and determined eligible for any Medicaid eligibility group, or individuals determined eligible for the mandatory eligibility group for former foster care children age 18 up to age 26, immediately before becoming an inmate of a public institution or while an inmate of a public institution) who are within 30 days of their scheduled date of release from a public institution **following adjudication**, and for at least 30 days following release.

Post Release TCM Period beyond 30 day post release minimum requirement:

☐ State will provide TCM beyond the 30 day post release requirement.

Areas of State in which services will be provided (§1915(g)(1) of the Act):

☒ Entire state

Comparability of services (§§1902(a)(10)(B) and 1915(g)(1))

☒ Services are not comparable in amount duration and scope (§1915(g)(1)).

Definition of services (42 CFR 440.169): Targeted case management (TCM) services are defined as services furnished to assist individuals, eligible under the State Plan, in gaining access to needed medical, social, educational and other services.

Targeted Case Management includes the following assistance:

- ❖ Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social or other services. These assessment activities include:
 - taking client history;
 - identifying the individual's needs and completing related documentation; and
 - gathering information from other sources such as family members, medical providers, social workers, and educators (if necessary), to form a complete assessment of the eligible individual;

PRA Disclosure Statement - This use of this form is mandatory and the information is being collected to assist the Centers for Medicare & Medicaid Services in implementing Section 5121 of the Consolidated Appropriations Act, 2023. Under the Privacy Act of 1974, any personally identifying information obtained will be kept private to the extent of the law. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. The OMB control number for this project is 0938-1148 (CMS-10398 #85). Public burden for all of the collection of information requirements under this control number is estimated to take about 15 hours per response. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to CMS, 7500 Security Boulevard, Attn: Paperwork Reduction Act Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

The periodic reassessment is conducted every (check all that apply):

- ☒ 1 month
- ☐ 3 months
- ☐ 6 months
- ☐ 12 months
- ☐ Other frequency

- ❖ Development (and periodic revision) of a specific care plan that is based on the information collected through the assessment that:
 - specifies the goals and actions to address the medical, social, educational, and other services needed by the individual;
 - includes activities such as ensuring the active participation of the eligible individual, and working with the individual (or the individual's authorized health care decision maker) and others to develop those goals; and
 - identifies a course of action to respond to the assessed needs of the eligible individual;
- ❖ Referral and related activities, including referrals to appropriate care and services available in the geographic region of the home or residence of the eligible juvenile, where feasible (such as scheduling appointments for the individual) to help the eligible individual obtain needed services including:
 - activities that help link the individual with medical, social, educational providers, or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan; and
- ❖ Monitoring and follow-up activities are:
activities and contacts that are necessary to ensure the care plan is implemented and adequately addresses the eligible individual's needs, and which may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, and including at least one annual monitoring, to determine whether the following conditions are met:

- services are being furnished in accordance with the individual's care plan;
- services in the care plan are adequate; and
- changes in the needs or status of the individual are reflected in the care plan.

Monitoring and follow-up activities include making necessary adjustments in the care plan and service arrangements with providers.

Frequency of additional monitoring:

Specify the type and frequency of monitoring (check all that apply)

- ☒ Telephonic. Frequency: follow-up monitoring will be conducted throughout the 30-day post-release period according to each individual's needs.
- ☒ In-person. Frequency: follow up monitoring will be conducted throughout the 30-day post release period according to each individual's needs.
- ☒ Other: Any other modality most appropriate for each eligible juvenile.

☒ Case management includes contacts with non-eligible individuals that are directly related to identifying the eligible individual's needs and care, for the purposes of helping the eligible individual access services; identifying needs and supports to assist the eligible individual in obtaining services; providing case managers with useful feedback, and alerting case managers to changes in the eligible individual's needs. For instance, a case manager might also work with state children and youth agencies for children who are involved with the foster care system.

(42 CFR 440.169(e))

☒ If another case manager is involved upon release or for case management after the 30-day post release mandatory service period, states should ensure a warm hand off to transition case management and support continuity of care of needed services that are documented in the person-centered care plan. A warm handoff should include a meeting between the eligible juvenile, and both the pre-release and post-release case manager. It also should include a review of the person-centered care plan and next steps to ensure continuity of case management and follow-up as the eligible juvenile transitions into the community.

TARGETED CASE MANAGEMENT SERVICES FOR ELIGIBLE JUVENILES

Qualifications of providers (42 CFR 441.18(a)(8)(v) and 42 CFR 441.18(b)):

Agency Qualifications:

Qualified case management agencies must have responsible personnel management, including written policies and procedures that include, but are not limited to, recruitment selection, retention, and termination of case managers; job descriptions for case managers; grievance procedures; hours of work, holidays, vacations, and leaves of absence; wage scale and benefits; and conduct and general rules.

The following agencies are permitted to employ case managers:

- Carceral facilities, and their contracted providers, with Medicaid recipients who are eligible for CAA services;
- Community mental health centers funded by the Single State Mental Health Agency (Behavioral Health Services Division);
- Indian Tribal Governments and Indian Health Services agencies or clinics;
- Federally Qualified Health Centers (FQHC);
- Other agencies that have at least one year of direct experience in case management services. Such experience may be through the agency as an entity or through its employees. These agencies must have knowledge of available community services and methods for accessing them.

Case Manager Qualifications:

Case managers employed by the above agencies must possess the education, skills, abilities, and experience to enable them to perform the activities that comprise a Medicaid case management service.

At a minimum, case managers must have at least (1) a bachelor's degree in social work, counseling, psychology, or a related field, from an accredited institution; (2) one year of experience in the social work field; and (3) one year of experience working with justice-involved populations; OR be a licensed registered nurse with one year of experience in the social work field and one year of experience working with justice-involved populations.

In the event that there are no suitable candidates with the above qualifications, an individual with, preferably, an associate's degree and a minimum of three years of experience in the social work field, OR with a high school diploma and a minimum of five years of experience in the social work field may be employed as a case manager.

TARGETED CASE MANAGEMENT SERVICES FOR ELIGIBLE JUVENILES

All case managers providing TCM under the Consolidated Appropriations Act of 2023 must have at least one year of experience working with justice-involved populations AND have completed training to work with these populations. In lieu of the one year of experience, case managers may operate under the direction of a supervisor who meets the above qualifications, regularly reviews the work performed, and is accountable for the results. In some cases, it may be important that individuals have language skills, cultural sensitivity, and acquired knowledge and expertise unique to the geographic area.

Access to Services (42 CFR 441.18(a)(2), 42 CFR 441.18(a)(3), 42 CFR 441.18(a)(6)):

☒ The state assures the following:

- Case management (including targeted case management) services will not be used to restrict an individual's access to other services under the plan.
- Individuals will not be compelled to receive case management services, condition receipt of case management (or targeted case management) services on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of case management (or targeted case management) services; and
- Providers of case management services do not exercise the agency's authority to authorize or deny the provision of other services under the plans.
- Delivery of TCM and the policies, procedures, and processes developed to support implementation of these provisions are built in consideration of the individuals release and will not effectuate a delay of an individual's release or lead to increased involvement in the juvenile and adult justice systems.

Payment (42 CFR 441.18(a)(4)):

☒ The state assures payment for case management or targeted case management services under the plan does not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.

Case Records (42 CFR 441.18(a)(7)):

☒ The state assures providers maintain case records that document for all individuals receiving case management as follows: (i) The name of the individual; (ii) The dates of the case management services; (iii) The name of the provider agency (if relevant) and the person providing the case management service; (iv) The nature, content, units of the case management services received and whether goals specified in the care plan have been achieved; (v) Whether the individual has declined services in the care plan; (vi) The need for, and occurrences of, coordination with other case managers; (vii) A timeline for obtaining needed services; (viii) A timeline for reevaluation of the plan.

Limitations:

☒ The state assures that case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities are an integral and inseparable component of another covered Medicaid service (State Medicaid Manual (SMM) 4302.F).

TARGETED CASE MANAGEMENT SERVICES FOR ELIGIBLE JUVENILES

Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities constitute the direct delivery of underlying medical, educational, social, or other services to which an eligible individual has been referred, including for foster care programs, services such as, but not limited to, the following: research gathering and completion of documentation required by the foster care program; assessing adoption placements; recruiting or interviewing potential foster care parents; serving legal papers; home investigations; providing transportation; administering foster care subsidies; making placement arrangements. (42 CFR 441.18(c))

FFP only is available for case management services or targeted case management services if there are no other third parties liable to pay for such services, including as reimbursement under a medical, social, educational, or other program except for case management that is included in an individualized education program or individualized family service plan consistent with §1903(c) of the Act. (§§1902(a)(25) and 1905(c)).

Inmates of a Public Institution
Post Adjudication of Charges**

State/Territory: New Mexico

General assurances. State must indicate compliance with all four items below with a check.

☒ In accordance with section 1902(a)(84)(D) of the Social Security Act, the state has an internal operational plan and, in accordance with such plan, provides for the following for eligible juveniles as defined in 1902(n) (individuals who are under 21 years of age and determined eligible for any Medicaid eligibility group, or individuals determined eligible for the mandatory eligibility group for former foster care children age 18 up to age 26, immediately before becoming an inmate of a public institution or while an inmate of a public institution) who are within 30 days of their scheduled date of release from a public institution following adjudication:

☒ In the 30 days prior to release (or not later than one week, or as soon as practicable, after release from the public institution), and in coordination with the public institution, any screenings and diagnostic services which meet reasonable standards of medical and dental practice, as determined by the state, or as otherwise indicated as medically necessary, in accordance with the Early and Periodic Screening, Diagnostic, and Treatment requirements, including a behavioral health screening or diagnostic service.

☒ In the 30 days prior to release and for at least 30 days following release, targeted case management services, including referrals to appropriate care and services available in the geographic region of the home or residence of the eligible juvenile, where feasible, under the Medicaid state plan (or waiver of such plan).

☒ The state acknowledges that a correctional institution is considered a public institution and may include prisons, jails, detention facilities, or other penal settings (e.g., boot camps or wilderness camps).

Additional information provided (optional):

☐ No

☒ Yes [provide below]

The authority to provide for mandatory coverage for eligible juveniles who are inmates of a public institution post adjudication of charges will cease on December 31, 2026.

The state will maintain clear documentation in its internal operational plan indicating which carceral facility/facilities are furnishing required services during the pre-release period but not enrolling in or billing Medicaid. This information is available to CMS upon request.

The state may determine that it is not feasible to provide the required services during the pre-release period in certain carceral facilities (e.g., identified local jails, youth correctional facilities, and state prisons) and/or certain circumstances (e.g., unexpected release or short-term stays). The state will maintain clear documentation in its internal operational plan regarding each facility and/or circumstances where the state determines that it is not feasible to provide for the required services during the pre-release period. This information is available to CMS upon request. Services will be provided post-release, including the mandatory 30-days of targeted case management, screening, and diagnostic services.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
MEDICAL ASSISTANCE PROGRAM

STATE: NEW MEXICO

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES - OTHER
TYPES OF CARE

Item X.	f.	Payment of Targeted Case Management Services for adult individuals who have been abused, neglected or exploited.
---------	----	--

The Medicaid client case management unit rate is determined by dividing the adjusted field services budget by the total Medicaid client case management eligibles. Because field service personnel perform non case management services and they service non Medicaid clients, the total field service budget is adjusted to exclude all field service related costs not related to case management activities. It is further adjusted to exclude non Medicaid eligible case management clients. A random sampling of the field workers time is performed to assist in computing the amount to adjust. This unit rate is reviewed every year and adjustments made as necessary to reflect any over or under payments from the prior year, and is performed within three months after the closing of the subject year.

The Department used a case management rate methodology developed and applied by the Children, Youth and Families Department (CYFD) to determine the actual costs to providers. Allowable arc salaries plus fringe benefits, costs for supervision, costs for indirect administration. AJee for service cost was determined which will be billed using a monthly unit rate. Claims arc prepared by CYFD and transmitted to the Human Services Department on a monthly basis.

Reimbursement for case management services is consistent with the requirements of Section 1902 (a) (30) of the Act and 42 CFR 447.200 which stipulates that payments for services must be consistent with efficiency, economy, and quality of care. It was also determined that the rates are in conformance with OMB Circular A-87.

**METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES - OTHER
TYPES OF CARE**

-
- Item X. g. Payment of Targeted Case Management Services for eligible justice-involved juveniles up to age 21 and former foster care youth ages 18 to 26, in accordance with Section 5121 of the Consolidated Appropriations Act, 2023 (CAA).
- Reimbursement for Targeted Case Management services is consistent with the requirements of Section 1902(a)(30)(A) of the Act and 42 CFR 447.204 which stipulate that payments for services must be consistent with efficiency, economy, and quality of care. Reimbursement for Targeted Case Management services is consistent with 2 CFR § 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.
- Targeted Case Management is reimbursed according to a fee schedule. Except as otherwise noted in the state plan, state developed fee schedule rates are the same for both governmental and private providers. The fee schedule, set as of January 1, 2025, is effective for services provided on or after that date. All rates are published on the New Mexico Medicaid website <https://www.hca.nm.gov/providers/fee-schedules/>. Notice of changes will be made as required by 42 CFR 447.205.
- Provider qualifications for TCM for eligible juveniles can be found in the State Plan on pages 28-29 of Supplement 1 to Attachment 3.1-M.
