September 21, 2026

Interested Parties:

The New Mexico Health Care Authority (HCA), through the Medical Assistance Division (MAD), is proposing to amend the New Mexico Administrative Code (NMAC) rule 8.308.9, *Managed Care Program, Benefit Package* and 8.324.4, *Adjunct Services, Pharmacy Services, Prescribing, and Practitioner Administered Drug Items*.

Section 9-8-6 NMSA 1978, authorizes the Department Secretary to promulgate rules and regulations that may be necessary to carry out the duties of the Department and its divisions.

Notice Date: September 22, 2026

Hearing Date: October 23, 2026

Adoption Date: Proposed as January 1, 2027

Technical Citations: 2023 Legislative Session House Bill 53 and 2025 Legislative Session Senate Bill 39

Background

HCA is proposing to amend 8.308.9 and 8.324.4 NMAC to include required changes that resulted from the implementation of a unified Preferred Drug List (PDL), an amendment to the Prior Authorization Act, NMSA 1978, and expand coverage of over-the-counter items and diabetic equipment, supplies, and appliances.

The HCA is proposing to amend the rules as follows:

Throughout both NMACs:

1. Language has been added to include the prescription drug formulary or PDL as directed by the Agency for coverage of generic drugs first that are available from multiple manufactures as equivalent and interchangeable generic versions unless a Brand name drug is determined to be more economical to cover on the PDL over the generic.
2. Language has been amended to remove prior authorization or step therapy requirements for FDA approved drugs as outlined in the 2025 Legislative Session, Senate Bill 39, which amends the Prior Authorization Act, NMSA 1978.
3. Language has been added to expand over-the counter items in the therapeutic classes as listed in the HCA/MAD website.
4. Language has been amended to update coverage and reimbursement for diabetic supplies as outlined in the 2023 Legislative Session, House Bill 53.

5. Human Services Department (HSD) has been changed to Health Care Authority (HCA).
6. The mission statement has been amended to include the Departments current mission statement.
7. Amendments have been made to align with updated language and formatting requirements.

8.308.9 NMAC

Section 7

The definition for Serious Mental Illness has been added to align with updates to New Mexico Medicaid behavioral health services.

Section 12

This section has been updated to include services that have been added to the New Mexico Medicaid benefit package. NMAC citations have been updated to include the current NMACs.

Section 15

Children in state custody (CISC) have special healthcare needs and require timely well-child visits (WCV) upon entry into custody. This added language ensures CISC have a WCV within 30 days of entry into custody, the WCV satisfies all required services according to the child's age and needs and that the MCO will pay for this WCV, even if the child has had a recent WCV prior to custody.

Section 17

This section has been amended to include pregnant people with substance use disorder that causes newborn withdrawal symptoms after birth shall be referred to have a plan of safe care as part of the CARA program.

Section 19

This section has been updated to remove detailed service descriptions and to instead reference 8.321.2 NMAC and 8.321.12 NMAC which include completed behavioral health service descriptions.

Section 23

The Medicaid home visiting benefit has transitioned from an 1115 waiver to a Turquoise Care benefit. Medicaid home visiting programs are jointly overseen by the NM HCA and the Early Childhood Education and Care Department. Multiple evidence based programs support families, children, and pregnant or postpartum people.

8.324.4 NMAC

Section 14

Removed language on no drug coverage when a recipient has a gap in Medicare Part D and added language that MAD does not cover copayments for any annual out-of-pocket Medicare cost cap.

Section 15

Added and corrected language on counseling MAP eligible recipients upon receipt of a new prescription. An alternative form of patient information can supplement patient counseling when appropriate. Examples include, but are not limited to: pictogram labels, written information leaflets, and QR codes that link to digital drug information.

Section 16

Language is added to clarify that pregnancy termination services are paid through state funds only.

I. RULE
