HEALTH CARE AUTHORITY

NATIVE AMERICAN TECHNICAL ADVISORY COMMITTEE (NATAC)

JUNE 15, 2026

INVESTING FOR TOMORROW, DELIVERING TODAY.

BEFORE WE START…

On behalf of all colleagues at the Health Care Authority, we humbly acknowledge we are on the ancestral lands of the original peoples of the Pueblo, Apache, and Diné past, present, and future.

With gratitude we pay our respects to the land, the people and the communities that contribute to what today is known as the **Great State of New Mexico**.

10 THINGS TO KNOW ABOUT MEDICAID IN NEW MEXICO

1. 
As of April 2026, NM Medicaid covers 808,617 individuals, approx. 38% of the state's population.

2. 
NM Medicaid covers 4 in 7 children in the state, and 70% of the newly-born (under 1 yr). They stay covered continuously from birth until their 6th birthday.

3. 
7 in 10 nursing home residents are enrolled in NM Medicaid. Medicaid is also the primary coverage source for individuals with disabilities in New Mexico.

4. Approx. 5% of members are "dually eligible" – enrolled in both Medicare and NM Medicaid. Medicaid also pays co-pays and premiums for low-income Medicare beneficiaries.

5. NM Medicaid programs are improving health outcomes and quality of care. For example, in 2024, the number of child Well Child Visits in first 30 months of life was higher than the national average.

6. Per capita spending per member is lower in NM ($8,869) than the national average ($9,090).

7. NM Medicaid is a federal and state partnership, with approx. 70% federal financial participation and 30% state share

8. For every $1 in State general fund spent on Medicaid, NM gets $3.75 from the federal government.

9. Approx. 82% of members are enrolled with contracted health plan, but Native Americans have the choice to join a health plan or see any Medicaid provider.

10. Federal Medicaid rules are changing. Fewer lawfully present non-citizens will be covered after Oct. 1, 2026, and work or activity rules begin for adults ages 19-64 on Jan. 1, 2027. Learn more at www.hca.nm.gov/medicaidchanges/

QUESTIONS/ADVICE

PRIMARY CARE PAYMENT REFORM VALUE-BASED PAYMENT (PCPR VBP)

Trisstin Maroney, M.D.
Interagency Primary Care Lead

NEW MEXICO PRIMARY CARE COUNCIL

MISSION

Revolutionize primary care into InterProfessional, sustainable teams delivering high-quality, accessible, equitable health care across New Mexico through partnerships with patients, families, and communities.

VISION

By 2026, New Mexico will exemplify same-day access to high-quality, equitable primary care for all persons, families, and communities.

GOALS

Health Equity

Develop and drive investments in health equity to improve the health of New Mexicans.

Payment Strategies

Develop and make recommendations regarding sustainable payment models and strategies to achieve high quality and equitable primary care for all New Mexicans.

Health Technology

Develop and drive health information technology improvements and investments that make high quality primary care seamless and easy for Primary Care Interprofessional Teams, patients, families, and communities.

Workforce Sustainability

Create a sustainable workforce, financial model, and budget to support our mission and secure necessary state and federal funding.

PRIMARY CARE PAYMENT REFORM (PCPR) VALUE-BASED PAYMENT (VBP) PROGRAM BACKGROUND

The PCPR VBP Program is a key part of expanding healthcare service delivery and Medicaid payment reform in New Mexico. The New Mexico Health Care Authority (HCA) has partnered and collaborated with New Mexicans to create a payment reform specific to the needs of New Mexico with the aim of providing high quality, equitable primary care to all New Mexicans, incentivizing primary care providers to improve the health of patients and quality of services.

FUNDING MECHANISM AND PAYMENT ARRANGEMENT

The program is funded through general funds allocation and a Medicaid Managed Care State Directed Payment (SDP) arrangement to promote increased access to care and improved quality outcomes for Medicaid beneficiaries. Through this payment arrangement, the Turquoise Care managed care organizations (MCOs) make specific incentive payments to participating healthcare providers as a separate payment, as directed by HCA.

Source: PCPR program description document

GOALS

- Incentivize primary care providers to improve or maintain quality of care and health outcomes for patients.
- Increase access to services for Medicaid beneficiaries.
- Achieve better value for Medicaid funds spent on care.
- Advance whole-person, integrated care by strengthening behavioral health integration, improving care coordination, and promoting interoperability across systems of care.
- Align with the objectives of the Primary Care Council in the areas of health equity, workforce sustainability, and health technology.

UNIFIED VBP PROGRAMS
e.g., PCPR state directed payment

- State directs, designs, and administers a single value-based payment (VBP) program for a provider type

- Statewide, standardized, aligned, integrated, coordinated, and stakeholder-informed

MCO VALUE-BASED CONTRACTING
Individual MCO-provider contracts

- VBP arrangements between MCOs and providers, delegated to Managed Care Organizations

- Details and provider arrangements are generally opaque to the State

Aligned and working together to support the State's Medicaid Quality Strategy

PARTICIPATING IN THE PCPR VBP PROGRAM

MINIMUM REQUIREMENTS FOR PROGRAM ELIGIBILITY

- Medicaid Certified
- Meet qualification criteria as a primary care provider
- Execute contracts/agreements
- Submit required data to Data Intermediary and meet data completeness standards
- Have Medicaid utilization during the measurement quarter to be eligible for payment

PARTICIPATING PROVIDER DEFINITION

- Tax Identification Number (TIN) + National Provider Identifier (NPI) combination

"PRIMARY CARE SERVICES" IN THE PROGRAM

- Turquoise Care definition

REGISTER FOR THE PROGRAM ONLINE AND UTILIZE THE WEB APPLICATION

QUARTERLY PERFORMANCE MEASUREMENT REQUIREMENTS

Data Collection and Submission

Participating providers collect data and submit it to Net Health through the program web application

- Third Next Available Appointment (TNAA)
- Patient Visits
- Patient Experience of Care Survey

Structural Measure Requirements

Participating providers attest in the program web application to meeting or not meeting specific, auditable performance requirements

- Screening, Brief Intervention, and Referral to Treatment (SBIRT)
- Quality Improvement (QI) Process
- Use of Certified EHR Technology (CEHRT) and Interoperability

ASSESSING PERFORMANCE ON QUALITY MEASURES & LINKING PERFORMANCE TO PAYMENT

After the close of each performance quarter, participating provider performance is assessed, performance is linked to payment, and payment amounts are calculated.

1. The total funds available each quarter are determined by HCA and its actuarial vendor. The size of the uniform percentage increase is determined by the Data Intermediary based on total funds available.

2. Participating provider performance is based on meeting each measure's requirements. To receive the uniform percentage increase, **providers must meet all measurement criteria.**

3. A participating provider's total payment is calculated by applying the uniform percentage increase to the total of the participating provider's eligible claims for primary care services.

*Total of Eligible Claims * Uniform Percentage Increase = Total Quality Payment*

CURRENT STATE OF THE VBP PROGRAM

Funding Mechanism & Payment Arrangement

- Funded through general funds allocation and a Medicaid Managed Care State Directed Payment (SDP) arrangement

  Fee Schedule Requirements (uniform percentage increase) type

- Through this payment arrangement, the Turquoise Care MCOs make specific incentive payments to participating healthcare providers as a separate payment, as directed by HCA.
- Performance measure requirements are based on data submission (TNAA, patient visits) and meeting requirements for structural measures (SBIRT, Patient Experience of Care, Quality Improvement Process, CEHRT Implementation & Interoperability).

Participating providers (practices)

Provider Variation:

- Number of locations
- Geographic distribution
- Service mix
- Patient populations
- Medicaid claims volume
- Readiness

DESIRED STATE OF THE VBP PROGRAM

Funding Mechanism & Payment Arrangement

- Funded through general funds allocation and a Medicaid Managed Care State Directed Payment (SDP) arrangement

  Value-Based Payment (VBP) type

- Through this payment arrangement, the Turquoise Care MCOs make specific incentive payments to participating healthcare providers as a separate payment, as directed by HCA.
- Performance measures are quality measures (clinical and utilization).

What's Needed

Meet CMS requirements for "a performance-based VBP initiative SDP":

- Performance measures
- Quality assessment methodology
- Methodology for linking performance to payment
- Payment calculation methodology
- Ongoing evaluation of the program

RURAL HEALTH TRANSFORMATION PROGRAM (RHTP)

Elisa Wrede, Acting Rural Health Director

Overview of the New Mexico RHT Program

- The New Mexico Rural Health Transformation (RHT) Program is a **five-year federal initiative** designed to strengthen rural health delivery across the state
- New Mexico was awarded **$211,484,740.89 for Year 1** (13th highest award nationally)
- Led by the New Mexico Health Care Authority (HCA)
- Focused on access to care, workforce, sustainability, and data to improve health outcomes across rural, frontier, and tribal communities
- Delivered through **five RHT Program initiatives**

This project is supported by the Centers for Medicare & Medicaid Services (CMS) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling $211,484,740.89 with 100 percent funded by CMS/HHS. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by CMS/HHS, or the U.S. Government.

RHT Program At A Glance

Program Overview

- Anticipated $1B+ federal investment over five years
- Led by the New Mexico Health Care Authority
- Focused on strengthening rural, frontier, and tribal health systems
- Designed to improve access, workforce stability, financial sustainability, and data infrastructure

Program Design Principles

- Phased implementation over five years
- Federal compliance and fiscal integrity
- Structured stakeholder engagement
- Sustainability beyond grant funding

Desired Community Impact

Communities access specialty, maternal, and chronic care closer to home, reducing travel and wait times

More locally trained and retained health care workers support consistent, culturally responsive care

Communities design and implement programs that address their most pressing health needs

Clinics and hospitals receive support to remain financially stable and open

Shared data helps communities target investments, plan ahead, and improve care coordination

Five Strategic Initiatives

1. **Healthy Horizons** – Expand specialty care, maternal health, chronic disease management, and digital health access
2. **Rooted in New Mexico** – Build and retain a rural health workforce pipeline
3. **Rural Health Innovation Fund** – Fund community-driven rural health solutions
4. **Bridge to Resilience** – Provide technical assistance services and sustainability support to rural providers
5. **Rural Health Data Hub** – Strengthen analytics, transparency, and predictive planning

This project is supported by the Centers for Medicare & Medicaid Services (CMS) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling $211,484,740.89 with 100 percent funded by CMS/HHS.
