# **I. INTRODUCTION**

## **A. PURPOSE OF THIS REQUEST FOR PROPOSALS**

The purpose of this Request for Proposal (RFP) is to solicit sealed proposals to establish a contract through competitive negotiations for the procurement of services to administer, analyze, and report on the National Core Indicators (NCI) Surveys in the State of New Mexico. This includes conducting surveys among individuals receiving developmental disabilities services and their families/guardians, analyzing data in accordance with NCI standards, submitting reports to the New Mexico Health Care Authority (HCA), Developmental Disabilities and Supports Division (DDSD), and ensuring successful submission to the Human Services Research Institute (HSRI) via the NCI data system.

## **B. BACKGROUND INFORMATION**

The DDSD is responsible for ensuring the quality and effectiveness of services provided to individuals with intellectual and developmental disabilities (I/DD) in the state.

New Mexico is participating in the National Core Indicators (NCI) initiative, a collaborative effort between the National Association of State Directors of Developmental Disabilities Services (NASDDDS) and Human Services Research Institute (HSRI), to measure and track performance and outcomes in developmental disabilities service systems. The state is seeking to resume its participation in the NCI by contracting with a qualified vendor to implement and analyze the NCI Consumer Surveys: In-Person Survey (IPS), Adult Family Survey (AFS), Family Guardian Survey (FGS), Child Family Survey (CPS), and the State of the Workforce Intellectual and Developmental Disabilities (IDD) Survey, as specified by HCA per data collection year.

This procurement ensures participation in NCI and supports DDSD's mission of improving outcomes for individuals with I/DD by ensuring stakeholder feedback is incorporated into system improvements, policy development, and federal compliance.

## **C. SCOPE OF PROCUREMENT**

This procurement will result in a four-year contract (one base year with three one-year renewal options, contingent on funding and performance) for services related to NCI survey administration and analysis.

The awarded contractor will:

1. Train interviewers, administer, and submit no fewer than 400 viable NCI surveys in compliance with national standards,
2. Provide data collection, cleaning, and submission to HCA/DDSD and HSRI/NASDDDS,
3. Analyze survey results and produce state-specific reports, and

4. Provide technical assistance and presentations to stakeholders.

This RFP will result in a single award.

This procurement will result in a contractual agreement between two parties; the procurement may ONLY be used by those two parties exclusively.

#### **6. Offeror's Rights to Withdraw Proposal**

Offerors will be allowed to withdraw their proposals at any time prior to the deadline for receipt of proposals. The Offeror must submit a written withdrawal request addressed to the Procurement Manager and signed by the Offeror's duly authorized representative.

The approval or denial of withdrawal requests received after the deadline for receipt of the proposals is governed by the applicable procurement regulations, 1.4.1.5 & 1.4.1.36 NMAC.

#### **7. Proposal Offer Firm**

Responses to this RFP, including proposal prices for services, will be considered firm for one-hundred twenty (120) days after the due date for receipt of proposals or ninety (90) days after the due date for the receipt of a best and final offer, if the Offeror is invited or required to submit one.

#### **8. Disclosure of Proposal Contents**

The contents of all submitted proposals will be kept confidential until the final award has been completed by the Agency. At that time, all proposals and documents pertaining to the proposals will be available for public inspection, *except* for proprietary or confidential material as follows:

- a. ***Proprietary and Confidential information is restricted to:***
  1. confidential financial information concerning the Offeror's organization; and
  2. information that qualifies as a trade secret in accordance with the Uniform Trade Secrets Act, §§57-3A-1 through 57-3A-7 NMSA 1978.
- b. An additional but separate redacted version of Offeror's proposal, as outlined and identified in Section III.B.2.a, shall be submitted containing the blacked-out proprietary or confidential information, in order to facilitate eventual public inspection of the non-confidential version of Offeror's proposal.

If a request is received for disclosure of proprietary or confidential materials, the Agency shall examine the request and make a written determination that specifies which portions of the proposal should be disclosed. Unless the Offeror takes legal action to prevent the disclosure, the proposal will be so disclosed. The proposal shall be open to public inspection subject to any continuing prohibition on the disclosure of proprietary or confidential information.

## **9. No Obligation**

This RFP in no manner obligates the State of New Mexico or any of its Agencies to the use of any Offeror's services until a valid written contract is awarded and approved by appropriate authorities.

## **10. Termination**

This RFP may be canceled at any time and any and all proposals may be rejected in whole or in part when the Agency determines such action to be in the best interest of the State of New Mexico.

## **11. Sufficient Appropriation**

Any contract awarded as a result of this RFP process may be terminated if sufficient appropriations or authorizations do not exist. Such terminations will be affected by sending written notice to the contractor. The Agency's decision as to whether sufficient appropriations and authorizations are available will be accepted by the contractor as final.

## **12. Legal Review**

The Agency requires that all Offerors agree to be bound by the General Requirements contained in this RFP. Any Offeror's concerns must be promptly submitted in writing to the attention of the Procurement Manager.

## **13. Governing Law**

This RFP and any agreement with an Offeror which may result from this procurement shall be governed by the laws of the State of New Mexico.

## **14. Basis for Proposal**

Only information supplied in writing by the Procurement Manager or contained in this RFP shall be used as the basis for the preparation of Offeror proposals.

## 15. Contract Terms and Conditions

The contract between an agency and a contractor will follow the format specified by the Agency and contain the terms and conditions set forth in the Draft Contract Appendix C. However, the contracting agency reserves the right to negotiate provisions in addition to those contained in this RFP (Draft Contract) with any Offeror. The contents of this RFP, as revised and/or supplemented, and the successful Offeror's proposal will be incorporated into and become part of any resultant contract.

The Agency discourages exceptions from the contract terms and conditions as set forth in the RFP Draft Contract. Such exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of the Agency (and the Evaluation Committee), the proposal appears to be conditioned on the exception, or correction of what is deemed to be a deficiency, or an unacceptable exception is proposed which would require a substantial proposal rewrite to correct.

Should an Offeror object to any of the terms and conditions as set forth in the RFP Draft Contract (APPENDIX C) strongly enough to propose alternate terms and conditions in spite of the above, the Offeror must propose **specific** alternative language. The Agency may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions of the Draft Contract are not acceptable to the Agency and will result in disqualification of the Offeror's proposal.

Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

If an Offeror fails to propose any alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror), no proposed alternate terms and conditions will be considered later during the negotiation process. Failure to propose alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror) is an **explicit agreement** by the Offeror that the contractual terms and conditions contained herein are **accepted** by the Offeror.

## 16. Offeror's Terms and Conditions

Offerors must submit with the proposal a complete set of any additional terms and conditions they expect to have included in a contract negotiated with the Agency. See Section II.C.15 for requirements.

## 17. Contract Deviations

Any additional terms and conditions, which may be the subject of negotiation (such terms and conditions having been proposed during the procurement process, that is, the RFP process prior to selection as successful Offeror), will be discussed only between the Agency and the Offeror selected and shall not be deemed an opportunity to amend the Offeror's proposal.

## **18. Offeror Qualifications**

The Evaluation Committee may make such investigations as necessary to determine the ability of the potential Offeror to adhere to the requirements specified within this RFP. The Evaluation Committee will reject the proposal of any potential Offeror who is not a Responsible Offeror or fails to submit a Responsive Offer as defined in §13-1-83 and §13-1-85 NMSA 1978.

## **19. Right to Waive Minor Irregularities**

The Evaluation Committee reserves the right to waive minor irregularities, as defined in Section I.F.19. The Evaluation Committee also reserves the right to waive mandatory requirements, provided that all of the otherwise responsive proposals failed to meet the same mandatory requirements and the failure to do so does not otherwise materially affect the procurement. This right is at the sole discretion of the Evaluation Committee.

## **20. Change in Contractor Representatives**

The Agency reserves the right to require a change in contractor representatives if the assigned representative(s) is (are) not, in the opinion of the Agency, adequately meeting the needs of the Agency.

## **21. Notice of Penalties**

The Procurement Code, §§13-1-28 through 13-1-199 NMSA 1978, imposes civil, and misdemeanor and felony criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

## **22. Agency Rights**

The Agency in agreement with the Evaluation Committee reserves the right to accept all or a portion of a potential Offeror's proposal.

## **23. Right to Publish**

Throughout the duration of this procurement process and contract term, Offerors and contractors must secure from the agency written approval prior to the release of any information that pertains to the potential work or activities covered by this procurement and/or agency contracts deriving from this procurement. Failure to adhere to this requirement may result in disqualification of the Offeror's proposal or removal from the contract.

## **24. Ownership of Proposals**

All documents submitted in response to the RFP shall become property of the State of New Mexico. If the RFP is cancelled, all responses received shall be destroyed by the Agency or /HCA.

## **25. Confidentiality**

Any confidential information provided to, or developed by, the contractor in the performance of the contract resulting from this RFP shall be kept confidential and shall not be made available to any individual or organization by the contractor without the prior written approval of the Agency.

The Contractor(s) agrees to protect the confidentiality of all confidential information and not to publish or disclose such information to any third party without the procuring Agency's written permission.

## B. EVALUATION FACTORS

### 1. B.1 Organizational Experience (See Table 1)

Points will be awarded based on the thoroughness and clarity of Offeror's response in this Section. The Evaluation Committee will also weigh the relevancy and extent of Offeror's experience, expertise and knowledge; and of personnel education, experience and certifications/licenses. In addition, points will be awarded based on Offeror's candid and well-thought-out response to successes and failures, as well as the ability of the Offeror to learn from its failures and grow from its successes.

## **2. B.2 Organizational References (See Table 1)**

Points will be awarded based upon an evaluation of the responses to a series of questions on the Organizational Reference Questionnaire (Appendix F). Offeror will be evaluated on references that show positive service history, successful execution of services and evidence of satisfaction by each reference. References indicating significantly similar services/scopes of work and comments provided by a submitted reference will add weight and value to a recommendation during the evaluation process. Points will be awarded for each individual response up to 1/3 of the total points for this category. Lack of a response will receive zero (0) points.

The Evaluation Committee may contact any or all business references for validation of information submitted. If this step is taken, the Procurement Manager and the Evaluation Committee must all be together on a conference call with the submitted reference so that the Procurement Manager and all members of the Evaluation Committee receive the same information. Additionally, the Agency reserves the right to consider any and all information available to it (outside of the Organizational Reference information required herein), in its evaluation of Offeror responsibility per Section II.C.18.

## **3. B.4 Mandatory Specifications**

Proposals that meet all mandatory specifications will be evaluated based on the following criteria. First, evaluators will assess the offeror's relevant experience and expertise, with particular emphasis on administering standardized, large-scale surveys within the intellectual and developmental disabilities (IDD) population, as well as prior experience submitting data to national or federal reporting systems. The qualifications and training of proposed staff or subcontractors will also be reviewed, including documentation of training, role descriptions, and demonstrated experience in person-centered interviewing and working with individuals with intellectual and developmental disabilities.

The proposed survey administration plan will be evaluated for its feasibility, clarity, and alignment with the requirement to submit at least 400 completed surveys in accordance with National Core Indicators (NCI) specifications. Proposals must also demonstrate a commitment to attending NCI training sessions and adhering to all survey administration guidelines established by the Human Services Research Institute (HSRI). Quality assurance plans will be reviewed to ensure they include mechanisms for verifying inter-rater reliability and valid response collection, along with strategies for maintaining data integrity throughout the process.

In addition, proposals will be assessed for their data security and compliance protocols, including the use of secure, HIPAA-compliant data storage and transfer systems compatible with the Online Data Entry Survey Application (ODESA). Finally, the overall

clarity, completeness, and responsiveness of the proposal will be considered, including adherence to RFP instructions and the professionalism of the submission.

#### **4. B.5 Desirable Specifications**

Preference will be given to offerors with direct experience working with the National Core Indicators (NCI) program and a demonstrated understanding of New Mexico's developmental disability services system. Proposals should reflect experience in stakeholder engagement and public reporting, as well as prior collaboration with state or Medicaid agencies on quality measurement initiatives. Additional consideration will be given to offerors who have successfully implemented surveys in bilingual (English and Spanish), tribal, or rural communities, and who propose innovative tools or strategies that expand access or reduce participant burden. Finally, proposals that show a strong track record of using survey findings to inform system-level improvements and support ongoing quality assurance efforts will be considered especially competitive.
