

State of New Mexico
Medical Assistance Program Manual
Supplement

DATE: February 3, 2025

NUMBER: 25-02

TO: ALL PRACTITIONERS

FROM: DANA FLANNERY, MEDICAL ASSISTANCE DIVISION

THROUGH: ALANNA DANCIS, DNP, CHIEF MEDICAL OFFICER

SUBJECT: BILLING AND REIMBURSEMENT GUIDELINES FOR BIOMARKERS

The purpose of this Supplement is to provide guidance and clarification to providers on coverage, implementation and reimbursement for medically necessary Biomarker Testing Coverage, for the purposes of diagnosis, treatment, appropriate management or ongoing monitoring of an insured's disease or condition when the test is supported by medical and scientific evidence, effective November 1, 2024.

In the 2023 legislative session, the New Mexico legislature passed House Bill 73 ensuring that Medicaid eligible participants have access to medically necessary biomarker testing.

1. Definitions:

- a. **Biomarker:** a characteristic that is objectively measured and evaluated as an indicator of normal biological processes, pathogenic processes, or pharmacologic responses to a specific therapeutic intervention, including known gene-drug interactions for medications being considered for use or already being administered. "Biomarker" includes gene mutations, characteristics of genes or protein expression.
- b. **Biomarkers testing:** analysis of a patient's tissue, blood, or other biospecimen for the presence of a biomarker and includes single-analyte tests, multi-plex panel tests, protein expression and whole exome, whole genome, and whole transcriptome sequencing.
- c. **Nationally recognized clinical practice guidelines:** Evidence-based clinical practice guidelines that are developed by independent organizations or medical professional societies using a transparent methodology and reporting structure with a conflict-of-interest policy.

2. **Recipient Eligibility Requirements:** Recipients with diagnoses or suspected diagnoses where a biomarker would assist in diagnosis, treatment, management, or monitoring of a disease or condition. Requirements and indications must be documented in the recipient's medical record.

3. **Criteria:** Biomarker testing is covered when used for the purposes of diagnosis, treatment, appropriate management, or ongoing monitoring of a member's disease or condition when the test is supported by medical and scientific evidence. Biomarkers testing should be covered if:
 - a. There is a National Coverage Determination or Local Coverage Determination or
 - b. An FDA package insert for a medication recommends the biomarker for therapeutic monitoring of the medication or
 - c. A national guideline recommends the use of the biomarker for diagnosis, treatment, appropriate management or ongoing monitoring of an insured's disease or condition when the test is supported by medical and scientific evidence and
 - d. The biomarker is clinically meaningful and
 - e. The biomarker is not Investigational.
4. **Provider Requirements:** New Mexico Medical Assistance Division (MAD) pays for medically necessary health care services furnished by a MAD enrolled medical provider. [NMAC 8.310.3]. Eligible providers are physicians or other qualified health care professionals (Certified Nurse Practitioners, Certified Nurse Specialists & Physician Assistants).
5. **Prior Authorization:** A prior authorization may be required for this service.
6. **Billing and Coding:**
 - a. Biomarker testing rates can be found at <https://www.hca.nm.gov/providers/fee-schedules/>.
 - b. Please see Attachment A, Table: 1 "Biomarker Testing Codes" for a list of covered biomarker tests.
 - c. MAD will review and add biomarkers on an annual cadence.
 - d. MCOs, genomics companies, providers and members may request to add new/existing codes for HCA consideration by using the email address MAD.CBRC@hca.nm.gov. Please include the code, the company if it is proprietary, the rationale for inclusion, and the supporting guideline or other supporting documents.
7. **Submitting a claim for biomarker testing services:**

MAD will allow and reimburse providers who have met the requirements and provide biomarker testing services from November 1, 2024. MCO's will allow providers 90 days from the date of this Supplement to submit a claim and avoid a timely filing denial.

This Supplement will sunset in the New Mexico Administrative Code (NMAC) 8.308.9 and 8.310.2.

For questions regarding this guidance, please contact the Medical Assistance Division, Benefits and Reimbursement Bureau at madinfo.hca@hca.nm.gov.
