GENERAL INFORMATION

The Medical Assistance Division (MAD) has finalized changes to rule 8.200.410 NMAC General Recipient Policies. Specifically, Section 15 has new language that allows an inmate who has an established Medical Assistance Programs (MAP) category of eligibility to be approved for a MAP category of inmate eligibility throughout his or her incarceration. The amendment allows an inmate who does not have an established MAP category of eligibility upon his or her arrival at a public institution to apply for MAP category of inmate eligibility. This allows an inmate to have access to MAD services upon his or her discharge or release from a public institution.
