Executive Summary

Summary Description Including Goals and Objectives The purpose of this state plan is to eliminate the resource standard for the following Medicare Savings Plan (MSP) categories: Qualified Medicare Beneficiaries (QMB), Specified Low-Income Medicare Beneficiaries (SLIMB) and Qualified Individuals (QI1). This change will enable more low-income individuals to access assistance through MSP categories so that Medicare is more affordable. This change also streamlines the administrative burden for MSP applicants and the Income Support Division as there will be no resource standards. The change will allow HSD to simplify renewals of MSP categories through implementation of an automated ex-parte process that allows for seamless transition from Modified Adjusted Gross Income (MAGI) categories to MSP categories.
