I would like to announce the selection of the new County Director for the Deming ISD office.

Robert Herrera comes to the Human Services Department, Income Support Division, with over 10 years in management experience with the City of Las Cruces. He had the responsibility of running the Home Rehabilitation and Weatherization programs as well as the operations of the Utilities Administrative Services. He was successful in converting the City of Las Cruces into a new computer system and his knowledge and experience will be valuable as we convert into Aspen. He holds a Bachelor's degree in Business Management and a Master's in Business Administration. Robert took on the County Director role effective October 13, 2012.

Please join me in welcoming Robert to the Income Support Division as the Deming County Director.
